COMMISSIONER'S WELCOME

J. SANDY JONES
Commissioner/CEO

Dixie Boys Baseball Inc. has grown from a humble beginning in 1957 to our current participation numbers. 2020 was a real challenge with COVID-19; yet it proved to be a successful year overall. This publication provides “hits and highlights” from the 2020 season, as well offering useful information for the 2021 season.

Dixie Boys Baseball was primarily developed as a program for boys (13-14). It was recognized that youth graduating from other baseball programs should continue to participate in supervised programs and especially have the opportunity to compete with boys of their own age and skill level. To enhance the experience, a medium-sized diamond was established for this age group and, with only minor modifications, this program still exists today.

The program was expanded to accommodate players ages 13-19. The Boys division is now comprised of 13-14 year old players with tournament play for Junior Boys (age 13) and Dixie Boys (ages 13-14). The Majors division includes players ages 15-19, with an intermediate division for 15-16-17 year olds named Pre-Majors. A 15U division was established in 2013 and included a very successful World Series in 2020. The goal is to increase opportunities for all participants.

A National Board of Directors meets biennially and provides constitutional governance. Dedicated volunteer service has been provided since the inception of the program. The organization’s worthy mission is accomplished by a hard-working volunteer Board that shares a mutual goal.

The 2021 season will embrace the rich history and traditions of the organization. Leagues form, organizational meetings are held and, most importantly, the sound of “Play Ball” is heard throughout an eleven state region. Local leadership and committed volunteers at the District, State and National level allows the program to thrive.

DBB will celebrate its 65th Anniversary in 2021. All five World Series events will be conducted in Sterlington/Monroe, LA. Local league play is the primary focus of the program; however World Series participants enjoy the rewarding experience of competing at the highest level. This publication highlights the 2020 World Series Champions, former winners, as well as records that date back to the start of championship play in 1963.

We invite you to join us in providing a rewarding experience for our participants. Space limitations would not allow for all aspects of the program to be highlighted in this edition. The Dixie Boys website can be accessed for additional information at www.dixie.org/boys.

DIXIE NATIONAL UMPIRE PROGRAM

The National Umpire certification program created in 1995 has greatly improved the overall quality of umpiring. National Federation of High School playing rules are used in most instances with a few exceptions as found in the Dixie Boys/Majors Rule Book. Umpires are tested on knowledge of the game and based on experience and the recommendation of Dixie officials, a good number that start with local programs advance to various levels of tournament play. The primary emphasis of any umpire program should be to provide quality umpiring at the local level. Umpires also have the unique opportunity to showcase skills at district, state and World Series tournaments.

Becoming an umpire in a Dixie Boys/Majors program is really simple. Contact should be made with an umpire association or the league in the local area. Each local league has complete autonomy in choosing officials that will work their program. Dixie Baseball supports the local program by providing a District & State Umpire in Chief. The Umpire in Chief conducts clinics, provides certification materials and administers the state program. Successful completion of the certification program allows an umpire to become registered with Dixie Boys Baseball.

All umpire registration and testing is completed online! All Dixie Boys registered umpires will have access to PowerPoint training, rules, mechanics manuals and more. Umpires will be directed to a registration site where they will pay the registration fees. They will then receive an email directing them to a "Members Site" to complete their clinic and online testing.

Anyone interested in further information regarding the umpire program can contact a State Umpire in Chief. A current listing of representatives from each state are found at the Dixie Boys website at www.dixie.org/boys.

**The National Umpire Program Coordinators
can be contacted for more details:**

Steve Gavin, Umpire Communications Coordinator

THE BIRTH AND ORGANIZATIONAL HISTORY OF DIXIE BOYS BASEBALL

Dixie Boys Baseball, Inc. was founded in 1957 at Alexandria, Louisiana. The Alexandria Youth Baseball Association was the charter member of an organization formed to attract the thirteen (13) year old player. All other programs in existence in 1957 required that participants age 13-15 be grouped together. The Incorporators recognized that grouping thirteen (13) year olds with youth age fifteen (15) and playing on a regulation size diamond was a hardship for most of the younger players. Furthermore, the creation of the program provided an opportunity for players to continue participation after completion of the younger age (12 & under) program.

The Incorporators established the Constitution and Bylaws, as well as the Dixie Boys Rule Book. The original Constitution called for the election of officers. Further discussion directed the formation of additional programs within other Southern states. The Constitution and Bylaws established by the founding fathers are very much intact today. The program's mission of providing a recreational outlet for as many young people as possible continues to be the emphasis and guiding principle of the Board of Directors of Dixie Boys Baseball.

Dixie Boys Baseball's charter members all resided in Alexandria, Louisiana. Twenty-three (23) charter members, along with the Executive Officers, conducted the business of the corporation at its inception. The program had a humble beginning with seven (7) leagues formed in the first year; all from Louisiana. For the first three years of the organization, Dixie Boys Baseball only existed in Louisiana. In 1960, Mississippi joined with Louisiana. In 1961, Alabama franchised and other states soon followed. From the early years to now, Dixie Boys Baseball has experienced much success. In 2019, Dixie Boys Baseball operated in eleven (11) Southern states with 900 teams and 270 Boys leagues. Over 13,000 players participated in the 13-14 yr. old program in 2019.

In 1973, the National Board of Directors of Dixie Boys approved a resolution that established an older program for boys fifteen (15) through seventeen (17) years of age. The program was named Dixie Majors Baseball, and it existed under the direction of the corporate officers. Each State elected representatives to govern the Majors program. In the years to follow, some minor modifications were made to encourage growth of the Majors program. From its beginning in 1973 to today, the program has served the needs of our older youth participants. The 2019 numbers reflected 270 teams comprising 125 leagues, or roughly 5,200 participants.

In 1978, the Dixie Majors Board of Directors approved a resolution adding eighteen (18) year olds to the program. Local leagues were given the option of creating a Pre-Majors program (15-16 year olds) or continuing to operate as a Majors program to include the eighteen (18) year olds.

The Pre-Majors program sparked even greater interest in the older ages Dixie

program. Tournament participation opportunities were expanded in 1979 with separate tournament play, including a Pre-Majors World Series.

The Dixie Boys Baseball, Inc. Scholarship program began in 1984 with a single \$500.00 award. The program has grown to eleven (11) \$1,250 awards. Each of the participating Dixie states has a scholarship recipient each year. A state committee representative reviews the applications and makes the tough decision as to the awarding of scholarships. Bernie Varnadore of South Carolina ably served as the Scholarship Committee Chair until his death following the 2006 season. In 2007, the Board of Directors unanimously approved naming the scholarship program: the Dixie Boys Baseball "Bernie Varnadore Scholarship program." Over a 1/4 million dollars has been provided in scholarship support.

In 1995, the opportunity for youth age thirteen to participate in tournament play as a 13 year old division of Dixie Boys was discussed. Regional tournaments were held as a pilot program and in 1996, the first 13 year old World Series was held. The 13 year old age group in later years was named Junior Dixie Boys. Also, a 1995 meeting resulted in the creation of the Dixie National Umpire program. In 2019, 320 umpires registered with the program.

On the baseball diamond in 2000, the Dixie National team was crowned as the Tournament of Stars Champions in an event held in Cooperstown, New York. The working relationship with Major League Baseball, USA Baseball, and other youth organizations was greatly enhanced. The Commissioner was selected to serve on the USA Baseball Medical/Safety Committee and later elected as a member of the USA Baseball Executive Board of Directors.

The 2005 Biennial meeting resulted in a number of changes. The challenge for the 2006 season was the universal change to an April 30th age control date. Dixie Boys also added a rule change that allowed 19 years olds to participate in Dixie Majors Baseball. The Rulebook was designed for a two year printing and the Media Guide (now known as the Best of Dixie "Hits & Highlights") became a valuable tool for promoting the program.

2006 was a very special year for the Dixie Boys organization. Fifty years of program history was celebrated throughout the season. The opportunity to visit the birthplace of Dixie Boys Baseball was provided by a local organizing committee. A Dixie Boys 50th Anniversary Celebration was held September 9th, 2006 in Alexandria. Of special significance, the program founder and three charter members were in attendance at the celebration.

Policy and rule changes were approved as part of the 2007 Board meeting. Out of concern for the safety and welfare of the participant, Dixie Boys Baseball implemented a rule change that established a "pitch count" to determine pitcher eligibility as opposed to the long standing "innings pitched" rules. The Dixie Future Stars event, the creation of the Alumni program, and expanded program partnerships all proved to be significant accomplishments.

The 2008 year was a banner year for Dixie Boys Baseball. The Dixie National team captured the Gold Medal at the USA Baseball Tournament of Stars Event held in Cary, NC. Contributions to the Alumni program more than tripled from the inaugural 2007 year.

The Board of Directors attended a biennial meeting in 2009. Task Force committees were organized to review player age groupings, program expansion, and minimum bid requirements for a Host. The changes led to an outstanding 2010 season.

ALGIE GREEN

Life Member

*Founder of
Mississippi Program*

Former President

The 2011 biennial meeting resulted in many changes for the organization. World Series host fees were amended to absorb some of the cost to the organization and the host communities. Dixie Future Stars events were held for all four age groups. A Hall of Fame was created to honor those with outstanding contributions to the program. The Class of 2011 appropriately included only one member, program founder, Bubba Brasher.

W.E. "BUBBA" BRASHER

Life Member

Dixie Boys Baseball

Founder

President, Commissioner

Deputy Commissioner

No year in the history of the organization was filled with more tough decisions than in 2012. The Board of Directors unanimously approved the relocation of the National Office to Dothan, Alabama. On January 1, 2012, the office was opened. The Dixie National team garnered the program international recognition, as seven members of the Dixie National team were selected to represent USA Baseball in Seoul, South Korea. The trip was very rewarding, as USA Baseball won the Gold Medal and was crowned as the 18U World Champions. The victorious USA team also included the tournament's most valuable player, a long-time Dixie program participant.

The 15U division, added in 2013, was well received. In the inaugural year, 80 teams representing 36 leagues franchised. Two regional tournaments were

held with deserving champions crowned. The year also took on added special meaning as Hall of Fame members were recognized, along with the organization's newest Life Member.

2014 was a very good year for the organization. The 15U division expanded with 111 teams representing 51 franchised teams participating in Dixie play. Eight very deserving individuals were added as Class of 2014 Hall of Fame members.

2015 was bittersweet, as it included the death at age 91 of Program Founder, W.E. Bubba Brasher. Bubba was fondly remembered for his untiring commitment and dedicated service to others, as well as his love for family, country, and youth baseball. Bubba provided a footprint that has evolved into over 60 years of Dixie Boys Baseball. In 2015, the board approved the National Federation High School rules to supplement the official rules of the program. USA Baseball recognized Dixie Boys Baseball as being "Pitch Smart" compliant for its efforts to reduce the number of arm injuries from overuse of pitchers since implementing pitch counts restrictions with the 2008 season.

In 2016, a successful 15U division inaugural World Series was held in Ozark, Alabama. Also in the same year, a 60th Anniversary Celebration was held with many former and current board members in attendance at the event held in Pineville, Louisiana. A fitting tribute was held and a permanent marker was unveiled recognizing Central Louisiana as the "Home of Dixie Boys Baseball."

North Charleston, South Carolina earned their fourth consecutive title in 2017 Dixie Majors World Series play, adding to the record books as the league with the most World Series titles in the long history

"Home of Dixie Boys Baseball" Marker

Central Louisiana

of championship play. With eight championships, the community is known as the "Title Town" of Dixie Majors Baseball.

The organization enjoyed a very productive 2018 year. The implementation of the new USA Baseball bat standard (USABat) was successfully completed. Tennessee won its first ever Dixie Boys World Series in the 56th consecutive year of the event being played.

Dixie Boys Baseball adopted a new Child Abuse Risk Management plan in 2019 compliant with Federal Law under the Safe Sport Act. The written program included an education program for both adults and minors, and a mandatory requirement to notify law enforcement in the event of a suspected child abuse.

COVID-19 dominated the attention of everyone during 2020. DBB created a plan of action that included protocols for dealing with a global pandemic. The organization was able to safely operate a regular season; capped off with five outstanding World Series events.

DBB will celebrate its 65th Anniversary in 2021. Sterlington, Louisiana will serve as the host for a first-ever opportunity for the organization. On July 18, 2021 all five World Series events will simultaneously be held at the Sterlington Sports Complex.

HISTORICAL PERSPECTIVE

- 1957 Program Founded: Alexandria, Louisiana
- 1960 Mississippi Joins Dixie Boys Baseball
- 1961 Alabama Joins Dixie Boys Baseball
- 1963 First Dixie Boys World Series Held

DIXIE BOYS BASEBALL SCHOLARSHIP HISTORY

The Dixie Boys Baseball Inc. Scholarship program began in 1984 with a single \$500.00 award. The program has grown to eleven (11) \$1,250 awards. Each of the participating Dixie states has a scholarship recipient each year. At the 2007 Dixie Boys Baseball, Inc. Biennial board meeting, the scholarship program was appropriately named the “Dixie Boys Baseball—Bernie Varnadore Scholarship Program.”

The volunteer scholarship committee carefully reviews all of the applications within a given state. The committee has the difficult task each year of selecting a winner. The scholarship winner is often recognized at a school honors or awards ceremony. Winners are presented plaques and Dixie Boys Baseball submits the \$1,250 scholarship proceeds to the winner’s school of choice.

Qualifying for a scholarship is very simple. Any player that has ever participated on a Dixie Boys or Majors franchised team is eligible. There is absolutely no relationship between athletic ability and the scholarship. The following credentials are required on the application: substantial financial need, scholastic ability and evidence of strong school and community citizenship. The scholarship policy gives everyone equal opportunity of selection.

The Dixie Boys, Inc. “Bernie Varnadore” Scholarship program is of great priority to the Board of Directors. The opportunity to award deserving High School Seniors financial assistance is one of the most rewarding aspects of the program. Applications are available from Dixie Boys league officials and online at the Dixie Boys website. April 1st is the deadline for an applicant to submit his or her request to the Commissioner for scholarship consideration.

Dixie Boys Baseball, a non-profit organization, has awarded 315 scholarships, valued at over 1/2 million dollars. Various states have additional scholarship opportunities available within their particular state. Funding for scholarships is sought from corporate partnerships, fund-raising ventures, and the Dixie Boys/Majors Alumni Association. If you are willing to assist with this worthwhile effort, contact the Dixie Boys Commissioner’s Office. Additional information is available at www.dixie.org/boys.

Due to COVID-19, no scholarships were awarded in 2020.

DIXIE BOYS BASEBALL, INC. ALUMNI PROGRAM

PROGRAM OBJECTIVES

- To identify and recognize Board of Directors (Corporate Officers, State Director, or Assistant State Directors) whom have contributed substantial time and resources to benefit Dixie Boys Baseball, Inc.
- To support through financial resources the continuation of a very successful Dixie Boys/Majors National Scholarship program.
- To produce a database that will allow the program to maintain contact with former: players, coaches, Dixie Boys/Majors officials, parents, league officials, umpires, volunteers, and anyone else previously involved with the program.
- To assist Dixie Boys Baseball, Inc. in tracking the careers of former players. The graduates' accomplishments (sport of baseball or other noteworthy achievements) are followed and recognized through media.
- To assist Dixie Boys Baseball, Inc. in the display of collectible items at major events of the organization.
- To provide an additional support structure and voice for Dixie Boys Baseball.
- To contribute articles for Dixie Boys Baseball publications and program website.
- To recognize program participant efforts that provided substantial benefit to the organization. Appropriate publicity and awards are presented.

The Alumni Program is open to anyone that has a desire to further the mission of the organization. Former players, coaches, league officials, parents, sponsors and other program supporters are encouraged to become involved. The \$25.00 membership fee is tax-deductible as part of the organization's 501c-3 status. Additional contributions are also accepted to help fund the Dixie National Scholarship program.

Membership applications can be downloaded and printed by visiting the website at www.dixie.org/boys.

NEW! YOU MAY ALSO PURCHASE YOUR ALUMNI PROGRAM MEMBERSHIP FROM OUR ONLINE STORE!

Visit www.dixie.org/boys and click on "Alumni Program"

Please mail any printed/completed applications, fees or other contributions not purchased or donated via online payment to:
