

## Dixie Pre-Majors Futures Stars Tournament

Presented with our Partner:

The top Dixie Pre-Majors (15-16 ages) baseball players will participate in the Dixie Pre-Majors Future Stars Tournament the weekend of June 20-22, 2008 in Montgomery, Alabama. Paterson Field will serve as the Host site for this wood bat tournament. The event will showcase the individual talents of players. Players in the 11 southern states that comprise the Dixie region were invited to make application to participate in the event.

Those chosen to participate in the Dixie Future Stars Event were divided into four teams with each team slated to play a minimum of three (3) games. The two teams with the best records will compete for the Dixie Future Stars team championship. The two events held in recent years have resulted in exciting baseball and excellent team play. The four teams include.

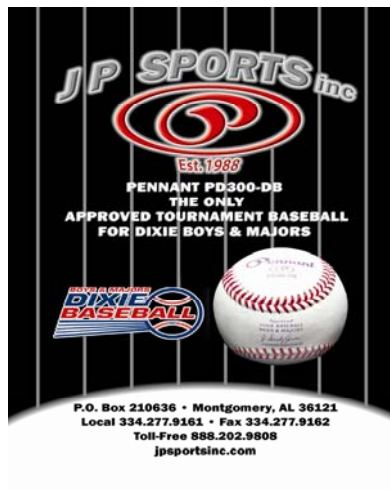

- ❖ Team Central- Team members were selected from an area surrounding the central region of the State of Alabama and were grouped with team members from the State of Texas. Team Central will provide formidable competition for the other teams.
- ❖ Team Dixie- The majority of Team Dixie is represented by players from the State of Tennessee. The remaining members of the roster were selected from the numerous states that participate in Dixie Pre-Majors Baseball. This team is comprised of some very talented players.
- ❖ Team Alabama- The Birmingham, Alabama area best describes players for Team Alabama. Most of the players on this roster have competed with and against each other. Having competed together could help this team in this unique format.
- ❖ Team Florida- The players on Team Florida represent an area that has been very successful in Dixie Majors World Series level competition. Most of these players have enjoyed success at the High School level. The team is managed and coached by High School coaches.
